Understanding Your Invoice

To process orders quickly, we ship **In Stock** items from our warehouse in Madison, AL. If we were **Out of Stock** but the item was **Available Online**, it may be shipped directly from the manufacturer to you. We will email you separate tracking information on the item(s) shipping from manufacturers.

The qty shown in the **Ship** column will match the items included in this shipment. If the **Ship** column is **0**, then that item is still to be delivered.
